

AIR FRESHENER INSTRUCTIONS

- 1 Cut a half inch wide V-shaped opening at the top of the bag.
- 2 Pull string out and hang product freely.
- 3 After one week, expose approximately half an inch of the air freshener. Continue exposing a half inch each week until the air freshener is completely removed from the bag and totally exposed.

WARNING:

- Do not place exposed Air Freshener on any surfaces that may cause damage.
- Keep out of reach of children and animals.
- Avoid contact with eyes and wash hands after handling.

Marlin Industrial Products Inc. is not responsible or liable for improper use of this product.
